

WCA Anti-Discrimination & Harassment Code

1. Background

- 1.1. WCA supports and is a signatory to the World Players' Association Universal Declaration of Player Rights, which was adopted in 2017. The Declaration includes the right to equality of opportunity for every player and sets out that:
 - 1.1.1. Every player is entitled to equality of opportunity in the pursuit of sport without distinction of any kind and free of discrimination, harassment and violence;
 - 1.1.2. A player's right to pursue sport cannot be limited because of their race, colour, birth, age, language, sexual orientation, gender, disability, pregnancy, religion, political or other opinion, responsibilities as a carer, property or other status;
 - 1.1.3. Every player also has a duty to respect the rights of their fellow players under the Declaration, and to respect the fundamental human rights of everyone involved with or affected by sport.
- 1.2. WCA is committed to ensuring that it, and players affiliated to it, provide leadership in ensuring an inclusive, safe, and collaborative environment for all participants in the game and in WCA activities, regardless of their race, colour, birth, age, language, sexual orientation, gender, disability, pregnancy, religion, political or other opinion. All players and participants should strive to treat people with dignity, decency, and respect and we do not tolerate discrimination or harassment in any form.
- 1.3. This Code ("the Code") is a set of guidelines that establishes shared values and ensures that behaviours that may harm players or participants are avoided. WCA encourages openness and debate on important issues whilst always ensuring a culture of mutual respect that favours support, inclusion and collaboration in the resolution of conflicts.
- 1.4. This Code embodies WCA and the player's commitment to uphold these principles and outlines our expectations and response. It is intended to complement other applicable Codes and Regulations in the game and applies to players, WCA activities, online and virtual spaces.
