

## ONE COLLECTIVE TEAM

WCA brings together over 700 players across 17 countries, both directly and in conjunction with domestic players' associations.

This program was established on the back on player, agent, and PA feedback requesting all WCA players have access to a consistent and elevated level of support, regardless of where they are playing throughout the world.

WCA affiliated players are eligible to receive the WCA Global Player Benefits Program which includes access to a range of benefits and support across contract review, late and non payment, welfare, personal development / education, and security support.
